

Event Parking Information:

Free reserved parking for the conference is available in the Second Street Garage at 2nd Street and Mountain. See map below. When you arrive at the garage, please take a ticket from the machine to enter. At the conference registration desk, you will be given another validated ticket, which you will insert into the parking garage exit machine when you leave. There is no need to go to the cashier. **Please note:** Even if the garage sign says "FULL" when you arrive, you may still enter by talking to the parking attendant on duty and telling him/her you are there for the **Neuroscience of Enduring Change Conference**.

Please see next page for a map of the Student Union.
