## Insights into Healthy Aging: *For Caregivers and Professionals*

Fully Online Certificate Program

Enrolling now for January 2023

### About the Certificate

Whether you are a caregiver, a professional, or someone who is interested in learning more about healthy aging, our Insights into Healthy Aging *for Caregivers and Professionals* Certificate is for you. You will be provided with the opportunity to learn from, and interact with, researchers at the University of Arizona with extensive expertise in healthy aging.

This self-paced, interactive certificate will help you view the aging process from multiple perspectives, including a biological, social, and psychological lens.

### What You'll Earn

- Fundamentals in Aging Digital Badge
- Insights into Healthy Aging *for Caregivers and Professionals* Certificate of Completion
- An interdisciplinary perspective on aging
- Networking opportunities with individuals who are passionate about the field
- Exposure to growing career paths in aging
- Enhanced professional marketability
- Become part of the Insights into Healthy Aging community
- *Continuing Education Units (CEUs) available*

Certificate completion in as little as 2 months:

- ▶ 100% online
- ▶ Flexible learning schedules
- ▶ Ongoing, monthly enrollments
- ▶ Interactive discussions with peers and experts in the field
