

Child Cognition Lab

RECRUITING RESEARCH ASSISTANTS!

PROGRAM OVERVIEW

The Child Cognition Lab is looking for motivated undergraduate students to join our lab for a Research Assistant position! Students will be able to receive course credit for their time in their lab, as well as develop hands-on skills working with families in the community, running studies with child participants, and collaborating with their peers on graduate students on a range of different studies investigating language across development. This is a great opportunity for students looking to get involved in research, work with children, and prepare them for graduate school or further education.

WHO WE ARE LOOKING FOR

- 2 - semester minimum
- 9 hours per week
- Have availability for shifts in the lab in the mornings
- No prior research experience needed!

HOW TO APPLY

- Email Allison Granger: allisongranger@arizona.edu
 - CV/Resume
 - Semester Availability
 - Academic Transcript
